

Introducing The Revere Series

Stereo Sound Systems

ROBERTS

Introducing The Revere Series

- The Revere Series is a new range of three all-in-one stereo sound systems: **Revere 100**, **Revere 300** and **Revere 500**.
- Each model has been designed and engineered to deliver impressive audio performance, premium build quality, and everyday usability.
- From the refined compact stereo of the Revere 100, to the Revere 300 CD home audio system, to the flagship, internet-connected Revere 500, each Revere has been developed to ensure solutions for different customer's audio needs.

Shared DNA

Each Revere model has been built around core principles of premium design, refined acoustics and everyday usability.

As standard, each model in the range delivers:

- Acoustically tuned hand-built wooden cabinet
- Premium black leathercloth finish
- Twin drivers delivering stereo sound
- DAB+, DAB and FM radio
- Bluetooth wireless audio streaming
- EQ presets and a fully customisable ‘My EQ’ setting
- Full-colour LCD display with adjustable brightness
- 3.5mm auxiliary input and 3.5mm headphone output
- Dual alarms and an adjustable sleep timer
- Tactile, intuitive physical controls

The company reserves the right to amend the specification without notice.

Three Models. Clear Step-ups.

Across the range of Revere stereo Sound Systems, our consumers are guaranteed the same Roberts commitment to refined premium design, carefully engineered acoustics, and considered everyday usability. From traditional radio through to fully-featured streaming audio, there is a Revere for every customer's audio requirements.

Revere 100:

A beautifully built, premium compact stereo sound system with radio & Bluetooth

Revere 300:

A home audio system that combines radio, CD and USB playback, and Bluetooth audio streaming.

Revere 500:

The most connected and powerful Revere sound system; featuring radio, CD, streaming, Bluetooth and more.

The company reserves the right to amend the specification without notice.

Revere 100

The entry point into the Revere range, and a new benchmark for the compact all-in-one sound system. The Revere 100 has been engineered to deliver a level of audio performance, build quality and everyday usability that goes beyond what is typically expected of its category; bringing together DAB+/FM radio and Bluetooth streaming within an acoustically tuned hand-built wooden cabinet.

Key Features:

- Twin 2.25-inch full-range drivers paired with a 5.25-inch downward-firing passive bass radiator for a warm, room-filling stereo soundstage
- DAB+, DAB and FM broadcast radio with Bluetooth audio streaming
- 20 radio station presets (10 DAB / 10 FM)
- Six EQ presets plus a customisable ‘My EQ’ setting
- Compact dimensions (274 x 96 x 191mm) make it perfectly at home in a bookshelf, the home-office, bedroom or lounge

The company reserves the right to amend the specification without notice.

Revere 300

The Revere 300 sits at the heart of the new Revere range, combining high-quality DAB+/FM radio with the versatility of a fully featured home audio system.
Revere 300 offers CD playback (including playback of MP3 CDs), USB file playback, Bluetooth streaming, dual alarms and remote control; together with a hand-built acoustically tuned wooden cabinet that ensures an impressive audio experience.

Step-ups over the Revere 100:

- A larger cabinet & more capable speaker system: twin 3-inch full-range drivers with a rear-ported bass for greater stereo width, power and low-frequency ability
- Built-in slot-loading CD player
- Support for Audio CD, MP3-CD, AAC-CD & WMA-CD
- USB playback (MP3 / AAC / WMA)
- USB device charging
- Supplied with a Remote Control

The company reserves the right to amend the specification without notice.

Revere 500

The Revere 500 is the most complete and capable sound system Roberts has developed for the home. As the flagship of the new Revere range, it brings together traditional broadcast radio, internet radio, Bluetooth, streaming, CD playback, modern wireless connectivity, the option of full app-based control and a powerful room-filling multi-driver speaker system - all within a beautifully hand-finished acoustically tuned wooden cabinet.

Step-ups over the Revere 300:

- 2 x 2.5-inch full-range drivers & 2 x 3.5-inch dedicated woofers deliver high-performance room-filling stereo sound
- Dual-band Wi-Fi & wired Ethernet connectivity
- Access to thousands of internet radio stations and podcasts
- Spotify Connect, with support for the new Spotify Lossless tier
- Built-in Deezer
- Full app control via the free Oktiv app for iOS and Android
- 4 x Location Sound Profiles: Against Wall/Corner/Bookshelf/Open Area
- Extended ‘My EQ’: adjustment of Deep Bass/Bass/Mid/Treble/Width
- 120 radio presets (40 Internet / 40 DAB / 40 FM)
- 18 streaming presets (10 Spotify / 8 Deezer)

The company reserves the right to amend the specification without notice.
