General Information

To avoid damaging the television set please observe the following safety instructions during setup and use.

Cleaning the television set	Before cleaning, disconnect the television set. Use only a soft damp cloth or a special cleaning product for flat-screens.
LED Display	Too much pressure on the screen can damage the television set.
Heat/damp/humidity	The television set should not be exposed to high temperatures(radiators, open fire). The television set should not be used in areas with high humidity.
Condensation	If moved from a cool area to one with a higher temperature, the television set should be left for at least an hour before plugging it in. A rapid change of temperature can lead to the formation of condensation in the television set itself. This can lead to damage if the television set is in use.
Air Circulation	To prevent overheating of the television set the ventilation slots at the rear should always be clear.
Small Objects	It is important to ensure that no small objects or liquids enter the television set. They can cause damage or even fire.
Liquids/Candles	Do not place anything holding a liquid or any candles on the television set.
Crushing	Take care to avoid crushing fingers or other objects when turning the television set in any direction.
Electric Supply	Use the television set only with the voltage indicated in the specifications. Ensure that there is easy access to the plug and that the television set can always be disconnected from the electricity supply. Do not disconnect the television set by pulling the power cable. Always take hold of the plug. The power cable must not be kinked or placed over sharp edges.
Moving the Television Set	When moving the television set, hold only the casing.
Repairs/Accessories	Repairs and servicing must be undertaken only by authorised and trained personnel.
Retrieve	In accordance with the Batteries Regulation, batteries are to be disposed of only in containers provided for this purpose.

In extreme weather (storms, lightning) and long inactivity periods (going on holiday) disconnect the TV set from the mains.

The mains plug is used to disconnect TV set from the mains and therefore it must remain readily operable.

If the TV set is not disconnected electrically from the mains, the device will still draw power for all situations even if the TV is in standby mode or switched off.

IMPORTANT - Please read these instructions fully before installing or operating

WARNING: Never let people (including children) with reduced physical, sensory or mental capabilities or lack of experience and / or knowledge use electrical devices unsupervised.

- The TV set is intended for Outdoor and similar general use but may also be used in public places.
- It is prohibited to enclose it in a sealed box or embed it in a wall.
- The ventilation should not be impeded by covering or blocking the ventilation openings with items, such as newspapers, table-cloths, curtains, etc.
- The power cord plug should be easily accessible.
- Do not place the TV, furniture, etc. on the power cord.
- A damaged power cord/plug can cause fire or give you an electric shock.
- Handle the power cord by the plug, do not unplug the TV by pulling the power cord.
- Never touch the power cord/plug with wet hands as this could cause a short circuit or electric shock.
- Never make a knot in the power cord or tie it with other cords.
- When damaged it must be replaced, this should only be done by qualified personnel.

WARNING

Never place a television set in unstable or inclined locations.

A television set may fall, causing serious personal injury or death.

Many injuries, particularly to children, can be avoided by taking simple precautions such, Educating children about the dangers of climbing on furniture to reach the television set or its controls.

WALL MOUNTING WARNINGS

Read the instructions before mounting your TV on the wall.

Mounting Brackets are not supplied with TV.

Do not install the TV on a ceiling or on an inclined wall.

Use the specified wall mounting screws and other accessories.

Tighten the wall mounting screws firmly to prevent the TV from fall.

Do not over-tighten the screws.

WARNING

Please install the television in a well-ventilated area.

It is prohibited to enclose it in a sealed box or embed it in a wall.

Do not rinse the TV from the bottom upwards as this may damage the TV.

Avoid using in direct sunlight.

General Description

Installing Batteries in the Remote Control

Installing Batteries

- 1 Use the accessory screwdriver to remove the four screws of the battery cover of the remote controller and open the battery cover.

- 2 Insert two 1.5V AAA size batteries in correct polarity. Don't mix old or used batteries with new ones.

- 3 Lock the four screws on the battery box cover of the remote controller with a screwdriver. Please keep the screwdriver.

30° 30°

- ✦ Point the remote towards the remote control sensor of the wireless TV and use it within 7 meters.
- ✦ Put the used batteries into the recyc-ling bin since it can negatively affect the environment.

Note: 1) A loading of batteries should be last one year under normal use.

2) If you don't intend to use the remote control for a long period of time, remove batteries to avoid damage due to leakage.

3) Do not mix old and new batteries or different types.

4) Do not throw batteries into fire or water.

5) The batteries (battery pack or batteries installed) should not be exposed to excessive heat such as sunshine, fire or the like.

External Connection

Antenna connection

Antenna input impedance of this unit is 75ohm.

VHF/UHF 75ohm coaxial cable can be connected to the antenna jack directly, if the antenna cable is 300ohm parallel flat feeder cable, you need to use the 300ohm/75ohm converter to connect the antenna cable to the antenna jack.

For details Please refer to the following drawing.

Antennas with 300ohm flat twins Leads

Use a 75ohm - 300ohm converter

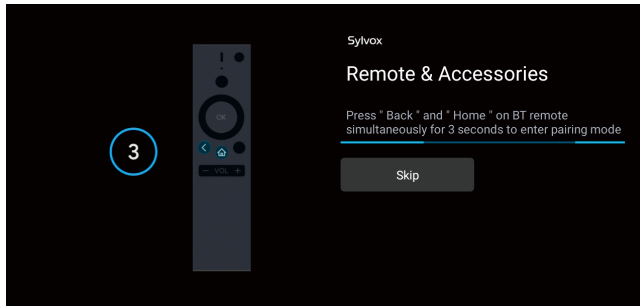

Antennas with 75ohm Round Leads

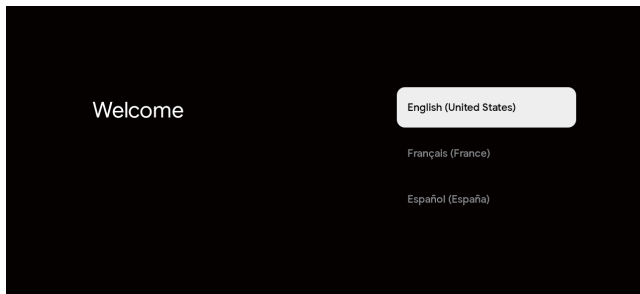

TV Operation

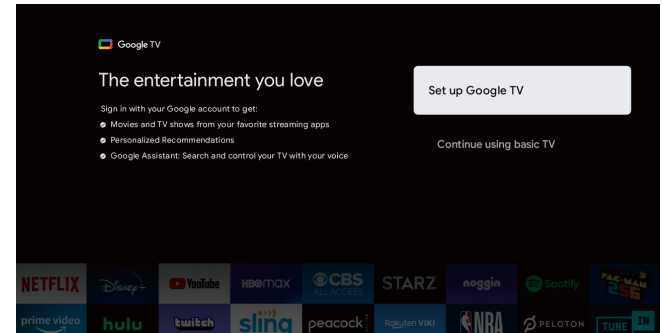

1. Please connect the TV to the power supply, and the indicator light will be red after power-on. Press the (power) button on the remote control or TV to turn on the TV.
2. You need to pair the remote control with the TV first. After the code is successful, you can use the Operate the Bluetooth remote control of the TV.

4. Press ▲/▼ to set up Google TV which need to sign in google account for Google service, or basic TV which not need to sign in google account.

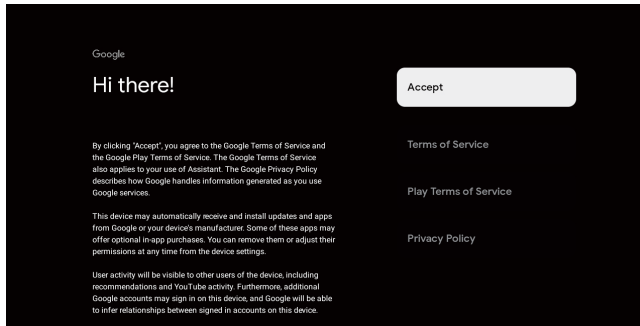

5. Scan setup code to download Google home app on your phone to set up or press ▲/▼ to set up on TV.

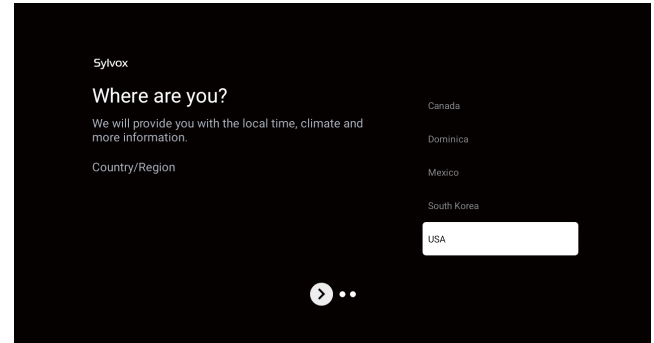

6. Press ▲/▼ to select the wifi to connect, press OK and enter the password to confirm the connection is successful.

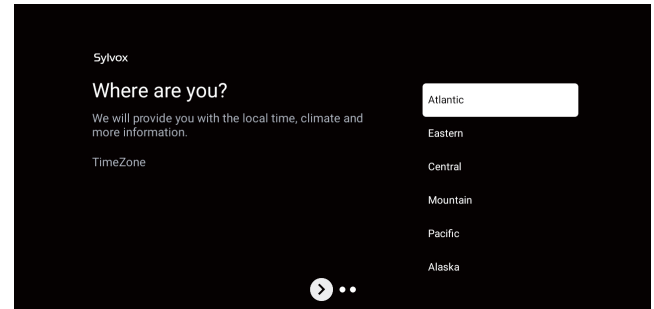

7. By accepting the Google Terms of Service to improve the product experience, select "Accept" to accept this condition.

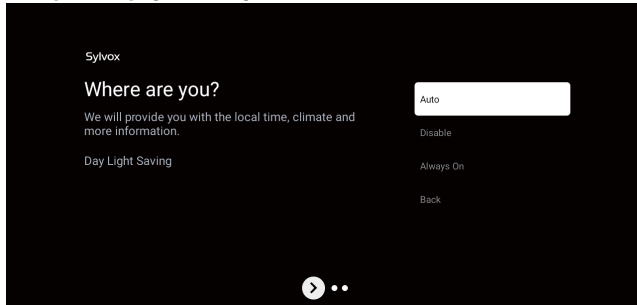

8. Set your location.

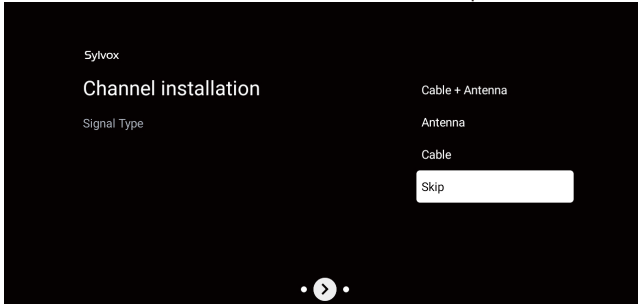

9. Set your Time Zone.

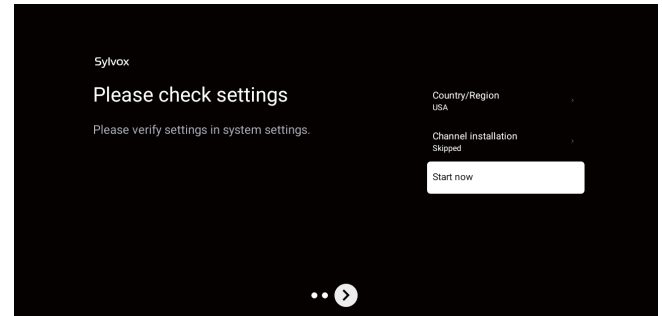

10. Set your Daylight Saving.

11. Set the Tuner mode, You can also choose to skip first.

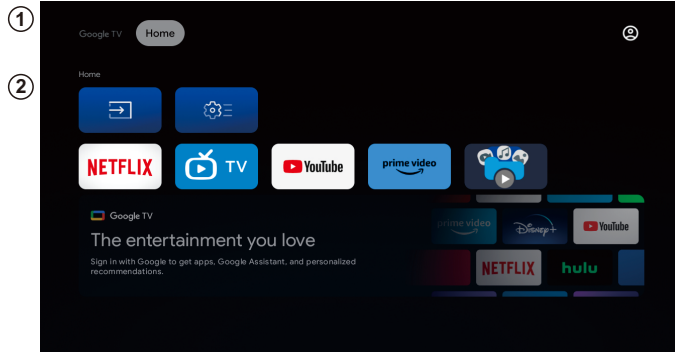

12. Please double check your Settings, After confirming OK, you can use it.

⌘ The content displayed in the image depends on your region.

HOME SCREEN

After completing the wizard Settings, you can watch TV and go to the home screen.

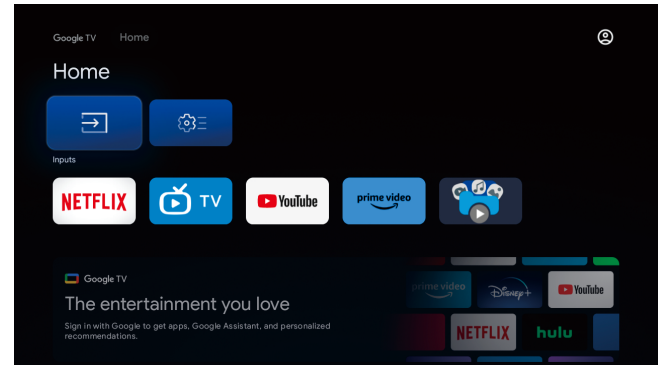

1. Open Google Assistant or start a text search.
2. Among the applications installed on the TV, the icons for the favourite applications are shown inside here. (Favourite applications can be added/ deleted/changed its order by users.)

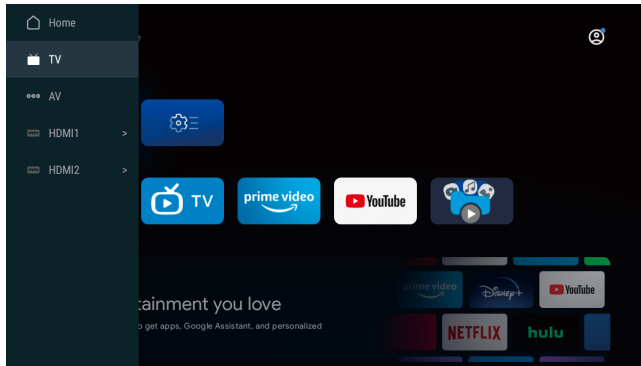

- 🗂 Inputs: Icon to select an input source.
- ⚙ Settings: Various settings can be configured here. For details on the settings, see the next explanation.

INPUT SOURCE

In the HOME interface, press ▲/▼/◀/▶ to select the "Inputs" icon, press OK to open the input source list, then press up to highlight an input and press OK to switch.

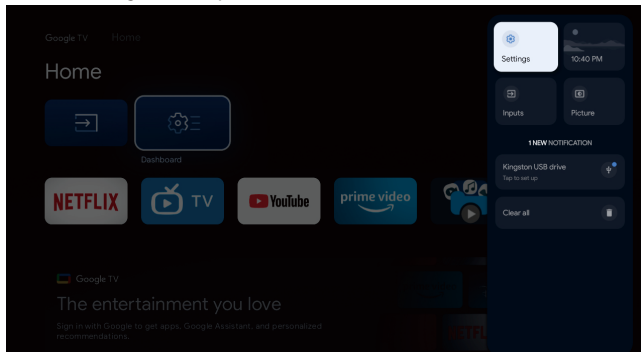

Under live TV, press the SOURCE button to display the list of input sources. You can select the desired source.

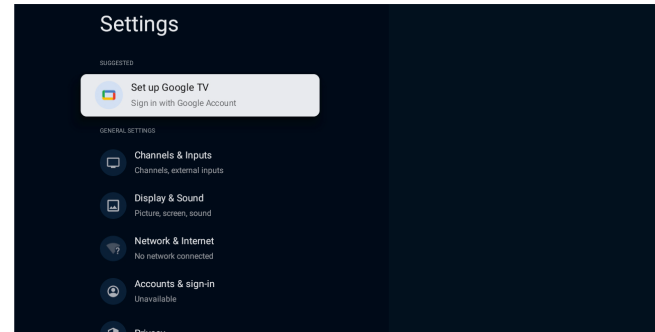

NAVIGATING THE ON-SCREEN MENU

1. In the HOME interface, press the ► key to select the icon of the circular settings menu, press OK to confirm.

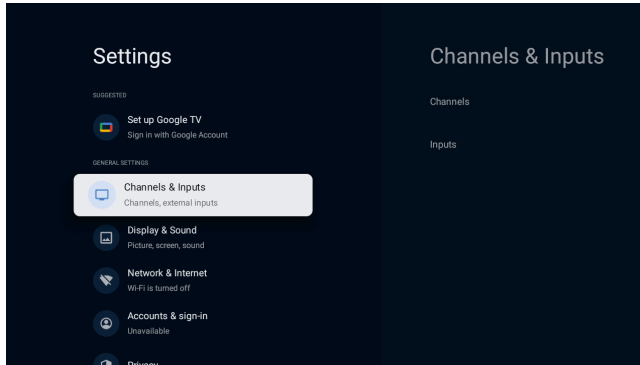

2. Press ▲/▼ button to select what you want set.
3. Press OK to enter setting.

Channels & Inputs

To set Channels and Inputs

Add channels

To add for the first time or additional channels, please follow the steps below:

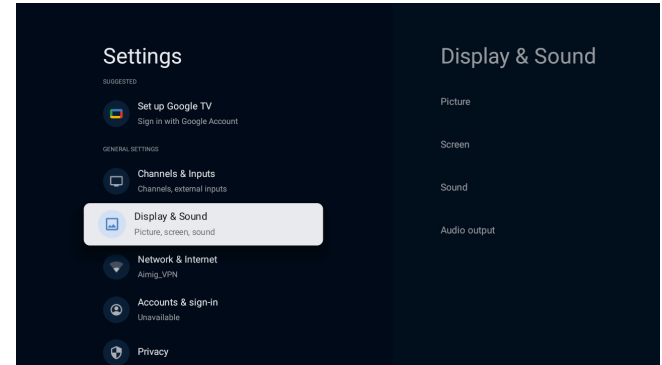

- 1 Go to Settings > Channels & Inputs > Channels
- 2 Select your signal type
- 3 Select Channel Scan to start channel installation.

Inputs

Consumer Electronic Control (CEC) - This allows you to operate the linked functions between our brand devices with CEC feature and this unit. We do not guarantee 100% interoperability with other brands of CEC compliant devices.

Display & Sound

To set Picture and Sound

Picture

Picture Mode

Standard: For normal TV viewing.

Movie: Deep picture settings for a cinematic experience.

ECO: Eco TV settings for low power consumption.

Vivid: Enhanced picture contrast and sharpness for viewing in a well-lit room.

Sports: Brilliant picture settings for high action.

Game: Optimized for PCs and game consoles.

Screen Brightness

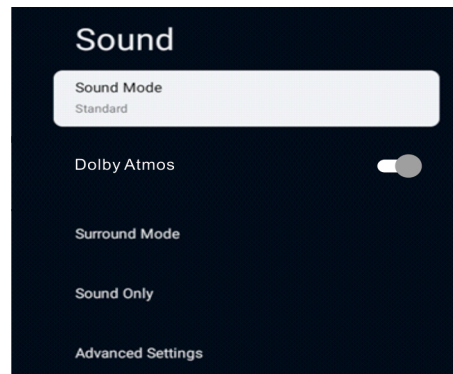

Adjusts the LED brightness to affect the overall brilliant color.

Advanced Settings

For more detailed picture settings, go to Advanced Settings, where you find settings for Color

Temperature, Noise Reduction And Picture Reset etc.

Sound

Sound Mode

The following sound settings can be configured. Depending on the format of the broadcasting, some sound settings are not available.

Standard: For normal TV viewing.

Movie: Powerful sound settings for a cinematic experience.

Music: Optimized for music playback.

News: Set the anchor's voice at a comfortable volume.

Personal: The customized settings you preferred.

Dolby Atmos

Turn Dolby Atmos ON or OFF.

Audio output

Output Device: TV Speaker/SPDIF/Optical/HDMI-ARC

Digital Output: Auto/Bypass/PCM/ Dolby Digital Plus/ Dolby Digital

Digital Output Delay

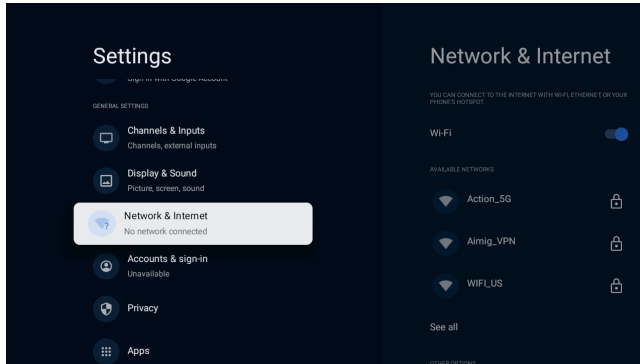

The on-screen picture and the sound from an amplifier via the digital audio (SPDIF) output

jack are synchronized by delaying the output from the connection.

The higher values will increase the digital audio (SPDIF) output delay.

Network & Internet

Setup network connection settings in order to use apps or network upgrade functions. To set Network & Internet.

Wi-Fi setting

1. Confirm that Wi-Fi is turned on and you're connected to the correct network.
2. If not, locate the network you'd like to connect to and select it to connect. Enter the password if required.
3. Open one of your apps.
4. Play your video, music, or game again.

Note(s)

If you still have issues, turn the Wi-Fi option off and on again.

Use your Mobile/Tablet hotspot

Automatically adjusts video quality to use less mobile data.

- Data Saver reduces your data usage on mobile connections, increasing watch time by up to 3x.
- Data usage and alerts help you monitor your data usage while watching TV.

Scanning always available

Let Google's location service and other apps scan for networks, even when Wi-Fi is off.

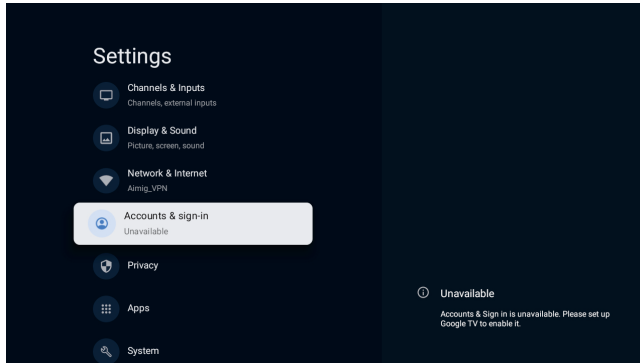

Ethernet

Proxy settings: Set Proxy manually.

IP settings: Configure the IP setting for your network connection.

Accounts & sign-in

You can manage to add or remove your Google account and kids profile account.

Google Account

Google TV profiles let everyone in your home enjoy their own personalized space with their Google Account. With a personalized profile, you'll get TV show and movie recommendations just for you, easy access to your personal watchlist and help from your Google Assistant.

Add Google account

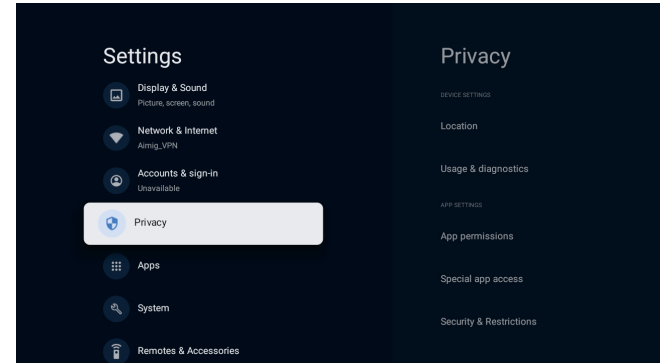

You can add more than one account on your Google TV so you can sign in to services with multiple accounts. Your media and activity sync across devices that your Google Account is signed in to.

Add a Kid

Set up a kids profile on Google TV to choose which apps your kids can use, and to set up bedtime reminders and screen time limits.
* Kids profiles may not be available in some regions or on some devices.

Privacy

This section is privacy settings of your TV, Google account and applications.

Location

- Google may collect location data periodically and use this data in an anonymous way to improve location accuracy and location-based services.

Usage & diagnostics
