STARKE SOUND

Starke Sound Inc. Gardena, CA 90248 ▪ www.starkesound.com

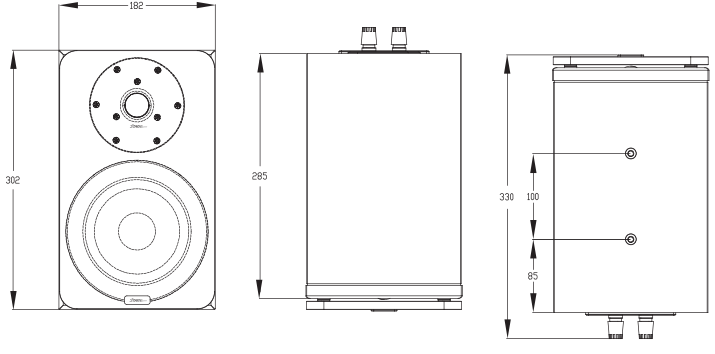

Compact, Pure, and Powerful

Beta5 brings high-end acoustic performance to a compact bookshelf design.

Its 5.25-inch carbon-fiber-sandwich woofer and 29mm large voice-coil tweeter with HEMF technology deliver precise imaging, smooth frequency response, and engaging musical detail.

Tight bass, natural mids, and expansive treble combine to create a sound far larger than its size.

Every part — from transducers to crossover to cabinet — is engineered to the highest standard, making Beta5 the perfect solution for pure, powerful, and intimate listening.
