

Assembly Instruction

CAUTION

There are many small components used in the construction of this unit. These should be kept away from young children during assembly

Care and Safety Notes

- Do not use fixings other than those supplied.
- Do not place very hot or very cold items against or in close proximity to any glass surface, unless adequately thick mats are used to prevent such items from coming into contact with the glass.
- Do not use the glass as a chopping surface. Do not strike glass with hard or pointed items.
- When cleaning glass panels, use a damp cloth or leather with washing up liquid or soft soap in necessary; do not use washing powders or any other substance containing abrasives since these can scratch glass.
- Do not sit or stand on glass surfaces.
- Do not use solvent or abrasive cleaners for cleaning; Use a damp cloth when cleaning.
- Only use genuine replacement parts
- Do not over tighten screws or use power tools to assemble.
