

# CORRIDOR® SV 7128

2 BAY CONSOLE

## INSTRUCTION MANUAL

**LET'S GET STARTED.**

DESIGN MATTHEW WEATHERLY

**BDi**

BDIUSA.COM

Congratulations on the purchase of your Corridor SV Console 7128 from BDI. Your cabinet has been designed to provide a lifetime of enjoyment. This manual will provide you with assembly instructions and other helpful information that will ensure that you get the most out of your cabinet. Please save it for future reference.

Your Corridor cabinet has been engineered for simple assembly. Please follow these directions carefully to prevent any damage.

Should you need further assistance, contact BDI at [customerservice@bdiusa.com](mailto:customerservice@bdiusa.com).

ENJOY!

## HARDWARE AND COMPONENTS

Unpack and identify the parts listed below. The assembly workspace should be a non-marring surface such as carpet. For missing hardware pieces, please contact BDI Customer Service at [customerservice@bdiusa.com](mailto:customerservice@bdiusa.com).

Do not use power tools for assembly of this product.

For all other concerns, please contact your BDI retailer.

| PART #      | <b>T1</b>            |
|-------------|----------------------|
| DESCRIPTION | Phillips Screwdriver |
| QUANTITY    | 1                    |

| PART #      | <b>T2</b>  |
|-------------|------------|
| DESCRIPTION | Hex Wrench |
| QUANTITY    | 1          |

| PART #      | <b>H1</b>                   |
|-------------|-----------------------------|
| DESCRIPTION | 1/4-20 x 12mm Machine Screw |
| QUANTITY    | 8                           |

| PART #      | <b>H2</b>                   |
|-------------|-----------------------------|
| DESCRIPTION | 1/4-20 x 75mm Machine Screw |
| QUANTITY    | 6                           |

| PART #      | <b>H3</b>       |
|-------------|-----------------|
| DESCRIPTION | M4 x 30mm Screw |
| QUANTITY    | 4               |

| PART #      | <b>H4</b>     |
|-------------|---------------|
| DESCRIPTION | Rubber Bumper |
| QUANTITY    | 6             |

| PART #      | <b>H5</b> |
|-------------|-----------|
| DESCRIPTION | Door Pull |
| QUANTITY    | 2         |

|-------------|-----------|
| DESCRIPTION | Leg Frame |
| QUANTITY    | 2         |

| PART #      | <b>C5</b> |
|-------------|-----------|
| DESCRIPTION | Glass Top |
| QUANTITY    | 1         |

## STEP 1. BUILD THE BASE

## ASSEMBLY

Attach the **2 (A3) Leg Frames** to **(A2) Sub-Frame** with **8 (H1) Screws** using **(T2) Hex Wrench**.

Make sure the red arrow on the **(A2) Sub-Frame** faces the same direction as the direction of the **(A3) Leg Frames**.

|   | PART/DESCRIPTION | QTY |
|---|------------------|-----|
|  | T2-HEX WRENCH    | 1   |
|  | H1-SCREW         | 8   |

## STEP 2. ATTACH THE BASE

2 PERSON TASK

## ASSEMBLY

With help from another person, carefully position the **(A1) Cabinet** upside-down (as shown) or on its back. **Caution**—do not remove blocking above the shelves.

Attach the **Base** to the **(A1) Cabinet** with **6 (H2) Screws** using the **(T2) Hex Wrench**.

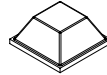

Do **NOT** fully tighten until all screws are started.

|   | PART/DESCRIPTION | QTY |
|---|------------------|-----|
|  | T2-HEX WRENCH    | 1   |
|  | H2-SCREW         | 6   |

With help from another person, carefully position the **(A1) Cabinet** upright and install **(H5) Door Pulls** using **(H3) Screws** and **(T1) Phillips Screwdriver**. Adhere **(H4) Rubber Bumpers** about 1 inch (25mm) from edges of the cabinet as shown below.

|  | PART/DESCRIPTION | QTY |
|--|------------------|-----|
|  | T1-SCREWDRIVER   | 1   |
|  | H3-SCREW         | 8   |
|  | H4-RUBBER BUMPER | 6   |
|  | H5-DOOR PULL     | 2   |

## STEP 4. PLACE GLASS TOP

## ASSEMBLY

Place **(C5) Glass Top** on top of **(A1) Cabinet**. Position glass flush with cabinet front doors.

## FINE TUNING

### LEVEL CABINET

Levelers are integrated into each leg assembly and are accessed at the bottom of each cabinet leg. If your floor is uneven, you may extend one or more levelers to attain a level, stable cabinet placement. Turning the leveler clockwise will extend the leveler; turning it counter-clockwise will retract it.

## FINE TUNING

### DOOR ALIGNMENT

These steps are to be followed after you have unpacked and completed the simple assembly instructions for your Corridor AV cabinet. Due to jostling in freight or perhaps an uneven floor, the doors on your Corridor cabinet may not appear to be in perfect alignment. Making a few minor adjustments can rectify this situation. Be aware that depending on your situation, patience and a bit of trial and error are required. The high-quality European hinge hardware is infinitely adjustable, but changing one element can cause the need for further adjustments. Through a little adjustment, you can modify the orientation of the cabinet doors to make sure that they are sitting perfectly on your Corridor unit.

#### **INCORRECT!**

Door is out of alignment with the rest of the unit.

#### **CORRECT!**

Door is sitting squarely and evenly spaced on tops and sides.

The doors on your cabinet should be evenly spaced and the doors should open and close freely without rubbing against the door frame.

If the cabinet's doors appear out of alignment, this condition can be corrected with minor adjustment to the European hinges on each door.

|  | PART/DESCRIPTION        | QTY |
|--|-------------------------|-----|
|  | T1-PHILLIPS SCREWDRIVER | 1   |

Use a **(T1) Phillips Screwdriver** to adjust Corridor's door hinges:

- By adjusting **Screw 1**, the door will move LEFT or RIGHT within the frame. Make minor adjustments at both top and bottom hinges for best results.
- By adjusting **Screw 2** the entire door will move IN or OUT, opening or closing the gap between the door frame and cabinet. (This screw rarely needs adjustment.)

## CARE & MAINTENANCE

### GLASS

Glass surface is maintained using household glass cleaner and a paper towel or cloth.

### SATIN-ETCHED GLASS

This uniquely smooth-to-the-touch glass surface can be regularly maintained using household glass cleaner and a paper towel or cloth. Minor scratches or scuffs not eliminated using paper towel or cloth can usually be removed by using a 'Magic Eraser'. Magic Eraser is a melamine foam product available at any grocery store or home improvement center. Dampen the entire glass surface as well as the Magic Eraser, then rub the entire glass surface in broad, even strokes using moderate pressure. Clean and dry the surface with a paper towel. Check for results and repeat as necessary.

Any scratches or scuffing not eliminated by one of the above methods can often be addressed by 'refreshing' the glass. This is a process that should not be required more than once per 6-12 months. See this brief video for the simple method: [www.bdiusa.com/glass](http://www.bdiusa.com/glass)

### WOOD

Wood surfaces should be cleaned with a slightly damp (not saturated) cloth or paper towel. Do not use glass cleaner on wood. If moisture remains, dry the surface with another cloth. If needed, a gentle non-abrasive cleanser may be used, but be sure to wipe away all cleaner residue and dry the surface with a cloth.

BDI's wood finishes feature natural hardwood solids and veneers. Wood is a product of nature and—unlike man-made materials that can be manufactured to strict and consistent specifications—has natural imperfections that are part of its appeal and character. Every piece of wood differs from every other, even when coming from the very same tree. As such, variation in grain, texture and tone should be expected from one panel or piece of furniture to the next.

While BDI's stained wood finishes are stable in tone & appearance, all finishes are subject to some degree of discoloration with prolonged exposure to direct sunlight. Please take care to avoid positioning your BDI cabinet in any area with extensive direct sunlight. To learn more about the features of natural wood, visit [www.bdiusa.com/wood](http://www.bdiusa.com/wood)

### METAL & PAINTED SURFACES

Surfaces should be cleaned with a slightly damp (not saturated) cloth or paper towel. If moisture remains, dry the surface with another cloth. If needed, a gentle non-abrasive cleanser may be used, but be sure to wipe away all cleaner residue and dry the surface with a cloth.

## WARRANTY

BDI warrants to the original purchaser that for the below-stated warranty term, BDI will replace any product, part, or component covered by this warranty that fails under normal use as a result of a defect in material or workmanship. The decision to replace a complete product versus the part or component in question will be at BDI's sole discretion.

**Residential Use:** BDI Furnishings carry warranty coverage for three (3) years from the date of product delivery, as shown on your sales receipt/documentation. Select chairs carry coverage for five (5) years from the date of product delivery.

**Commercial Use:** BDI Furnishings carry warranty coverage for one (1) year from the date of product delivery, as shown on your sales receipt/documentation. Select chairs carry coverage for five (5) years from the date of the product delivery, based on an 8-hour daily use pattern.

BDI reserves the right to refine or update its warranty from time to time. See the complete and latest warranty document at [www.bdiusa.com/warranty](http://www.bdiusa.com/warranty).

## PRODUCT REGISTRATION

Registering your new BDI product allows us to send you important product updates, service information and helpful hints related to your BDI products. Register today, and you will be entered to win free a BINK table from BDI: [www.bdiusa.com/register](http://www.bdiusa.com/register)

## WARNING

**SERIOUS OR FATAL CRUSHING INJURIES CAN OCCUR FROM FURNITURE TIP-OVER. TO HELP PREVENT TIP-OVER:**

- Install tip-over restraint.
- Place heaviest items in lower compartments.
- Never allow children to climb or hang on drawers, doors or shelves.
- Never open more than one drawer at a time.

**USE OF TIP-OVER RESTRAINT MAY REDUCE—BUT NOT ELIMINATE—THE RISK OF TIP-OVER.**
