CD6006 UK Edition CD PLAYER

Launched in 2016, the CD6006 and PM6006 not only won What Hi-Fi? five-star accolades, but also won the EISA 2016-17 Award for Best European Stereo System, in recognition of their exceptionally high standards of performance and spectacular value for money. For the new UK Editions, the audio tuning team has revisited these two models, improving components throughout to deliver an even better sound than their predecessors. A new UK Edition logo has also been designed, which incorporates the Union Flag that sets them apart from the standard models.

The CD6006 UK Edition comes equipped with an oversized power supply that feeds the digital and analogue circuitry of the player. This allows the high-quality CS4398 DAC to convert digital signals to analogue, which are then 'pushed' to the gold-plated synch outputs by Marantz's own small signal amplifier, the HDAM-SA2. In addition, we have included a remote that also controls the PM6006 UK Edition amp. Altogether, the CD6006 UK Edition is a match made in heaven for the music lover who wants nothing but the best performance at an attractive price. It's also perfect for portable music lovers, thanks to its iPod-digital connectivity. To top it off, the CD6006 UK Edition features a newly developed, complex headphone amplifier with Headphone amp gain setting for a wider range of headphones.

Highlights

Your Benefits

UK Edition sound tuning	More details, wider sound stage, higher precision, punchier bass
CD, CD-R/RW playback, Front USB input certified "Made for iPhone/iPod"	Versatile playback options including iDevice direct connectivity
Support of WAV, MP3, AAC, WMA file playback via USB devices	Plays most popular digital media files
High quality 192kHz/24bit D/A conversion (CS4398) and accurate system clock	Best sound quality from CD and digital media files
Marantz proprietary HDAM-SA2 circuits	Wider dynamic range with lower distortion for the output stage
Full discrete headphone amplifier with HDAM-SA2 and gain control	High-quality sound even from demanding headphones
Double layered bottom plate and rigid feet	Eliminating interferences for purity of sound
Gold Plated L/R/Coax Outputs	Best connection to amplifier
System remote to control CD-Player, Amplifier and Network Player	For total ease-of-use
Available in black or silver-gold	Perfectly matches the PM6006 UK Edition and NA6005 Network Audio Player
